Dear diary...

This summer I spent my summer holidays in Greece with my family. We visited Greece for seven days and I was very excited because I was going to visit new and interesting places. I am very happy because this year I got to meet new people, make new friends and visit new places.

On Saturday

I visited the Waterland Water Park with my mum and my dad in Thessaloniki. I played with the black water slide, the Black Canon and the Kamikaze. I also went to the White Tower in Thessaloniki. I went to the café there and I had a lot of fun. Later on, we visited the Saint Paisios monastery and we saw his grave. Afterwards, we went back to Thessaloniki and decided to buy different things such as clothes, trousers , a case for my phone and jewelry for my mum. It was an exciting and very interesting day and I had a lot of fun.
